

ARTS INSTITUTE

PERFORMING SPACES

Performing Spaces Arts Institute (PSAI) is designed to hone the creative gifts of aspiring artists, and empower them to achieve a sustainable career. PSAI is focused on providing year-round training and development programs in the performing arts, and a platform for the showcasing of talent. PSAI seek to be on the cutting edge of arts education, merging technology and digital arts, with traditional forms of the arts for children and adults.

Established in 2018 as a seasonal program, Performing Spaces has evolved over the years to becoming one of the most progressive and innovative Performing Arts companies in The Bahamas, with our staple productions.

We envision a Bahamas in which the diverse ecology of the arts is deeply valued and supported, adequately and equitably resourced, and where participation is accessible and affordable to all.

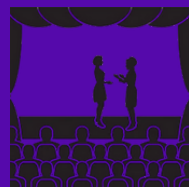

ARTS IN MOTION

2025 FALL PROGRAMS

DANCE INTENSIVE

Students are taught various dance styles including modern, contemporary and classical. In celebration of arts in motion, participants will learn various dance techniques and cutting edge choreography for live performance.

ACTING FOR STAGE

Students receive comprehensive training in theatre arts including movement, speech and voice to develop skills for live performance.

VOCAL TRAINING

Students immerse in a variation of exercises and techniques to improve vocal abilities. Singers will develop breath control, expand vocal range, and build stamina for live performance.

AERIAL ARTS INTENSIVE

Students fly high and learn the foundations of aerial disciplines including rope, silks, hoop, and other apparatus for live performance.

THE FALL TERM ENDS WITH A CHRISTMAS SHOW.
